Free Spins

You receive free spins when you get at least 3 bonus symbols in the grid.

Pick a **bonus** bone for your Sweetie and win up to **50 free spins!**

Free spins activate the appearance of WILD symbols on every reel.

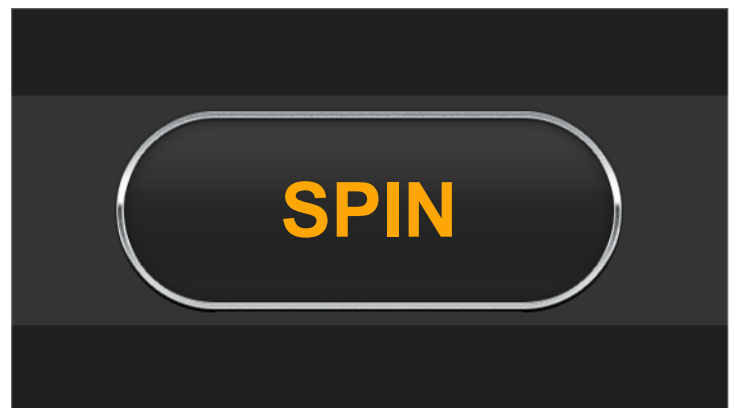

General Rules

Align the symbols and collect your winnings!

A cascade slot consists of a number of **reels** that spin and then stop to make **winning combinations**.

The **paytable** gives an overview of the value and the characteristics of each symbol.

Determine your stake by clicking the **- and +** buttons. Then start the game by clicking the **Spin button**.

Cascade slot

The game continues after each winning combination!

The cascade slot machines allow you to **win even more!** After every winning combination, the winning symbols are destroyed. New symbols drop down to replace them and **the game continues!**

There's no limit to the number of consecutive winning combinations.

Auto Spin Menu

Automatic spins are spins that are played automatically, one after the other, until a stop condition is triggered. These spins are configurable according to the criteria defined below.

Number of spins

Automatic spin stops as soon as the chosen number of spins has been played.

Loss Limit (by Bet)

Automatic spin stops if your initial credits decrease by the selected value (by bet).

Single Win Limit (by Bet)

The automatic spin stops as soon as the winnings on a game reach at least the selected value (by bet).

Turbo Mode

Accelerates the games played by shortening the time and some animations.

Auto Pilot

Skips automatically, after a slight delay, all messages and animations requesting action from you.

Additional information

Malfunction voids all pays and plays.

Note that interrupted games can be resumed for completion.
